Yea. All the guy did was take away from the original renegade sniper rifle.

I made one of those a long time ago when I was practicing weapon modelling (the model itself isn't perfect...), so I guess I'll post it here since I won't be using it.

Anyone who wants it is free to use it, just credit me if you do.

BTW, sorry there are no pictures, but I'm not in the mood to render one right now.

EDIT: Problems with the smiley.
