Is there anywhere there exists a pure(no german chatter) and high res version of this cutscene?

<http://www.cnc-source.com/files/pafiledb.php?action=file&id=510>

Speaking of wich, does anyone know here if this was intended for a mission that was never added/created or if its an alternate one for the "Armored Assault" mission?

Are you sure it's a teaser? It explains the line in one of the FMVs where Havoc says, "Peewee and I have already met" (referring to Raveshaw). I'm somewhat surprised they removed something like this. It seems to me that it's an extension of the intro video (EA_WW.bik) that they decided to remove for some odd reason.

Your may be right actually, the intro clip shows havoc hiding in the bush and the hand of Nod above the treetops. this cutscene shows havoc comming out of the bushes causing trouble at the Hand of Nod, ultimatley the hand getting bombed to pieces. so the question remains, can one get ahold of that old cutscene anywhere?

Whatever it is I have no clue what they are talking about most of the time. Well, except when sakura comes out...CLEAVAGE CLEAVAGE! That I understood perfectly.

Yea, Dutch with a typical Belgium/Vlaams accent.

It's a cool cutscene, but I bet people were kind of baffled when that tank drops in front of Havoc for no apparent reason. You can't really see that a plane dropped it off.

We're talking about command and conquer. Where you can build a large refinery for alien chemicals and such in mere seconds. A tank falling down wouldn't surprise me. But, it looks pretty cool. I'd rather the commentary or whatever removed though... lol.
