Hello, I have been told by another player I know that there is a group of 3 players that are threatening to hack renegade and shut it down for good, He also states that they have already hacked him and his friend.

The names of these people are AoAShadow, AoAMyth, and AoAKyo.

Most of the time when things like that are said, nothing eventually happens.

You're missing the original "recruiter".

[20:39:37] <&BCServ4> AoAxwis has joined the game, fighting for team Nod

[20:39:40] <&BCServ4> Host: (DragonServ): haxer101, you're banned. Your pitiful attempt to evade your ban has failed, bye bye.

[20:40:27] <&BCServ4> I have logged 2 kick related action(s) for haxer101:

[20:40:27] <&BCServ4> havoc9826 > ((tban) haxer101 - you have 24 hours to provide the screenshot - 05/31/2006 01:22:53)

[20:40:27] <&BCServ4> Bommae > ((ban) haxer101 - no screenshot/threatening - 05/31/2006 16:05:58)

The perm ban happened after I got these:

Funny how they think they're gonna get Renegade shut down. I wonder what'll come of this.

Hack: verb. To make furniture with an axe. (Archaic)

Though the Wiktionary entry and the Dictionary.com entry are both quite accurate. I have no respect for "1337 |-\|Xz0RZ". Primarily because they're barely sentient, much less intelligent life.

Quote: The essence of hacking is finding unintended or overlooked uses for the laws and properties of a given situation and then applying them in new and inventive ways to solve a problem. The problem could be the lack of access to a computer system or figuring out a way to make old phone equipment control a model railroad system. Usually, the hacked solutions solve these problems in unique ways, unimaginable by those confined to conventional methodology.

I'd rather refuse to it as Cheating.

Hacking sounds to big and scary to be that.

i actually know these ppl. myth (mythbusta < renegade name) is a very dear friend of mine and he was the first person i met when i started playing 6-7 months ago.

AoA Shadow and Kyo are owners of the clan AoA. i set there first server up for them. and i got

mod stat for doing so. i seriously doubt that they can do this since non of them have any knowlage what-so-ever in "hacking" plus, XWIS is very large, has many servers and will be very hard to hack into.

aparently, he "they" are going to hack AoAxwis, a member of their clan due to a fight they had a while ago.

MSN chat with AoAShadowThe Merovingian says:

so you're going to hack XWIS huh?

- ««\$((MaTThiá\$))\$»» | !! says:

its a member

- ««\$((MaTThiá\$))\$»» | !! says:

AoAxwis, not the thing XWIS but a member

The Merovingian says:

i heard you're "going to shut down renegade forever"?

- ««\$((MaTThiá\$))\$»» | !! says:

..

- ««\$((MaTThiá\$))\$»» | !! says:

u know AoAxwis?

The Merovingian says:

not socially

- ««\$((MaTThiá\$))\$»» | !! says:

well

The Merovingian says:

theres a post about you in the renegade forums

- ««\$((MaTThiá\$))\$»» | !! says:

its over the fight

The Merovingian says:

you, myth and kyo

To the legitimate AoA members: I apologize for assuming the opposite of what actually is true. Hopefully, this mess won't negatively affect your reputation. To Spetz5/haxer101: I doubt you have enough skill to actually crash XWIS, as you were dumb enough to try to sway opinion on a fully public forum where you can be immediately refuted by the people you accused. I'm a fool for believing you, but you're a bigger fool for thinking this would work. Now, go away, and plot the destruction of XWIS until you get carpal tunnel syndrome.

LMFAO the starter of that post is a retard why?????, because he was kicked out of the AoA clan, his nickname was AoAxwis LOI also heres the link to the subject

Warning, bad bad bad ass language on this link

<http://aoaclan.ipforum.com/topic/fuck-aoaxwis-117.html>

just thought i say, the starter of the post is a idiot, Game servers like Westwood DNS Engien (i think) server, Is protected with the best anti Hacking software so Other Companys Cant bring Online Gaming down, you would need to actualy work with the engien to hack it and shut down the main line so everyone couldnt play Renegade Online

or just flood everyones port, Bah like your going to do that to 3000 (i think) ppl who actualy play renegade

(also my think on the main engian might be wrong, i was rushing this post, me=busy)
