I can live with her not knowing what a pointer is, but she damn better know the fundamentals of polymorphism. There is only so much one man can stand before he must draw the line.

Bring a video camera along. Google Video hasn't had any new entries in the Comedy section for awhile now.

congragulations (i hope i spelled it right)

when you actully type "congragulations" is better than quoting, it shows you have put an effort in to it and mean it.
