Ok, Me and a friend downloaded Garry's Mod for Half Life Death Match 2!

Anyway. while i'm messing about with some doll's (enemy's that don't move) I went over to see what my friend (green commander) was doing, And it was funny!

Warning, 16 and over

Renegade's engine fuxed up:

I've got dozens of screenshots of Renegade making things invisible. This is a perfect example, where Renegade decided that at a certain camera point, the Barracks, AGT, half of the Weapons Factory, and a large portion of the terrain should turn invisible:

A map of EVE Online gives a glimpse as to how large the game is:

I hate the graphics crazy, but I think HL2 is the best engine around. I love the feel and higher end graphics.

Half-Life 2 pretty much perfectly balances the graphics with the gameplay.
