I dont know what the problem is. I installed C&C First Decade before and it was fine. Even when I had the old Renegade CD. My game was fine. But after I reformatted my PC and installed C&C First Decade. The graphic are fucked. Its like im runnin on the lowest settings. Its lags me bad. I get like under 15 FPS now.

I reinstalled it and what not. Please help?

i know it's stupid asking, but did you install all your drivers; like the motherboard and graphics card drivers?
