if you were not trying to cheat/bypass then youve been banned for beeing unlucky.
to fix it you have to reformat the drive renegade is installed on and of course reinstall renegade.

LOL you are retarded. You got busted Red Handed playing with a little utility you downloaded
from a cheat site.

Server owners, ban 24.170.227.162 to your heart's content.

If you're going to admit you hack, why even bother running RG?

You are also banned from X-revolution.org
