Could you psot it as a normal image format, ie .jpg or something? And please don't make useless double topics.

Either you haven't patched to 1.037 or you have custom objetcs.ddb

Check your 'data' folder to see if there's an objects.db - file in there. If not --> that's not the problem.

You sure you installed the patch in the correct language? It must be in the language u got the game in.

If there is a file named 'armor.ini' in 'data' directory, delete it too.
