I keep getting a message when I try to start Renegade...
I just now reinstalled it, want to start playing again but it wont let me   .

Can any of you tell me what this message means, and possibly how to fix it?

NB - This file is not officially supported or endorsed by BHS (Black Hand Studios, I also make no assurances about anything to do with it)

Here's my copy. Don't forget to update to version 1.037 before playing online!
