Is it possible to instead of buying characters from the purchase terminal could you possible buy weapons for the character you already have? you know what I'm saying? like you start off with a character but you dont buy a different character, you buy a new gun or c4 for the character you already have.

YES IT IS! Our server has it, but it's saved for mod use (dont ask me why, even i wonder) but all you do is ummm it's possible in lua I know and in c++, all you do is grant the power up object as that gun (you need to make a code for all guns) then make it take away money from the player...and thats about it...ask rashambo or somebody else, i cant remember the codes all from memory...

Or you can edit the map... Put switches on walls, and when you press them they grant that character a powerup. You can also set the cost of the item and what team can use it.

It's possible, but as far as I know no one has done it yet.

Well making commands to buy guns INFRONT of the purchase terminal has been done already, but buying guns only at the PT is possible, but no one has really done it yet....that will require you changing the map's PT settings.

Make the Remotes 1000 a peice, Timed, 1500 a peice.
SBH's need to be higher too, 1200?
Other then that, the gun's should be the price of the character.
Why?
The conveyence of being able to go-
runs from battle
buys a ramjet

Is absolutely insane.
