Well as you can notice by the title, I am looking for a Clan.

I am fairly experienced at Renegade yet have never been able to settle in a clan

All i am asking for in a clan is regular, online members, and who want to improve and become better.

If you are recruiting, pls give me a site or an email so we can arrange a trial.

Hope to hear back from you.

personally i would say you should go hunting for a clan rather than letting them come to you. Its always best to get to know your "wanted" clan before u apply, mainly to get a feel for the Clan as a whole.

just my view.

Hey, nukeboys is recruiting, but it is much more of a community then a clan TBH. Our site is

almost done: www.nukeboys.us. We have two ten player servers right now, but we are about to get them hosted. Anyways if you are interested hop on our irc: irc.ia-net.net #nukeboys
