ok heres the deal i need on my myspace to

have a picture
then words
then picture
then words

but i need it all centered
i need the pics and words to be centered in middle about me section

any help?

<center>
YOUR STUFF HERE
</center>

I've never written a page in my life, but that works.

i tryed that

it only seems to work in firefox

i loaded my page up in IE and firefox

and

<center>

only seems to work and show everything like i want in the firefox broswer

BUT most ppl i know.....use internet explorer so i got to find somthing to work on that............

It does work. IE is probably not refreshing properly. Press Ctrl + R when you view the page in IE.
