John, it was you, you always were the middle man and added me to the convosations with him, hence why i blocked you.

Maybe you didn't add everyone else, but you added the first person due to the reason of being HORQUER's bitch, which is probably why he's been acting like this, because if he can make you do whatever he says he thinks he can make everyone else do whatever he says.

If i were you John, i'd block him from your msn, and anyone else who has him msn, lets all just

ignore him and maybe he'll go away..?

Actually, it's "I DESLIKE YOU". You disgrace his honour of being so epic and posting those three words by turning "YOU" into "U". Please refrain from using it again.

Seriously, you guys kinda live on moddb and don't really branch out anywhere else. I forsee failing coming to a mod near you.

Hey, why you are acting so smart. I see that you are so strong and brave that you make fun of this boy. And if you are that brave enough, why wouldn't you make fun of John? In Russia they would make fun of you. All of you guy criticize Ferkhat have to be better, like a man. So if OWA is so popular, does everyone have to follow him? And get a life, not just play Fuckin Renegade all the times.

I'm acting smart because I'm not stupid. I have no real problem with John other than he can be annoying at times.

We are crtisizing Ferkhat because he is being incredibly retarded and has stolen zeratul's forum identity.

I didn't start this thread so I don't see why people should be following me.

For your information, I haven't actually played C&C Renegade since the [NE] clan reunion which was several months ago.

to all...

I talked to ferkhat on the last night and he was very sad about everyone not forgiving him...(u could hear it in his voice, i know him very well)

he said he wants a fresh start with everyone, he will not spam anymore... (how honest he was i could not tell, i know he is like a bomb waiting to go off.)... i know mero hates him but please forgive him...

i am not really defending him but rather trying to make peace...

i mean come on he is 12 and the whole ren universe hates him WTF?

how would you like to be in his position?

i would hate it..

feeling like everyone was ganging up on you...

he can explode sometimes but i have seen everyone do the same..

in fact that is the way we are... all of us

no one is perfect...

i can explode too

me being his friend has had an impact on his life...

example: about a month ago we had a video call on msn and he was to shy to use the mic..,

yesterday he got over that...

all i request is no more hurt feelings

i hope this will impact some..

i also hope he will get unbanned from ren servers...

if he has offended you in anyway after this post is because he has not yet heard that i am trying to make peace

I really want to improve the server, make the playing enviorment more fun. To allow people to enjoy their stay and think positive about their time on the server. Its fun to get to know people. I wish to also reduce the rule breaking and racism that occurs. By doing this it hopefully could make people enjoy the game.

Yeah, Elite Officer is a jackass. He randomly attempts to flame people and used to make useless comments in Tech Support threads like " that's helpful " when it truly was the answer to the question at hand. Needless to say, no one likes you. Sadukar on the other hand flames a bit too much, but at least he contributes constructively (most of the time).
