Heheh recently i been using this 3d program and learned to animate... this is only intro lol... workin on my full vid... any of you here can animate too and make great animations? xD

Just follow the link in my sig to watch it, it's short vid lol plz rate it (hopefully u gimme 5 stars xD spent 4 days to make that heck short animation cuz it's hard as heck when i was learning to make it...) and please comment and point out what needs to be done for my next version just don't flame

Well I haven't been continuing much on my 3d animation but trying to, it's pretty hard to make. I did made some fun stop-motion animations on origami though...so if you like origami and interested maybe come and checkout the videos in the link on my signatures. Also it's a bit early but have a very Happy New Year!

You kiddin'? BREVKDOWN! is like the best song evur!

(The "V" is supposed to be an "A" but in the song title the A is upside down and .. yea)
