ferkhat (AKA, HORQWER)
Viking

And there's more I've forgotten, but you'll be able to easily spot 'em out.

Also, I reccomend getting Roleplay2 and playing on the EKTRPG server. It's pretty much awesome, and plays quite a bit differently than Renegade.

Download it here: www.roleplay2.com

And yeah, you'll need the most recent scripts. Make sure to read stuff through so you don't end up having your computer explode.

Well the ramjet is better, not to mention it has more health, however the main draw back from this is a heavy one; it leaves a blue tracer when shot, so people can pin point where you are. With a 500 sniper, people can't see where you shot from.

Doesn't 500 sniper have a faster rate of fire or something?

Subject: Re: hi

i think it has a slight faster rate of fire but takes 3 body shots to kill 1000 char though

The Ramjet to some is also considered the "noobjet" because it leaves a blue line for a few secs and it also does alot more damage than the sniper rifle making it a cheap weapon.

Try installing scripts.dll 3.4.4 > http://game-maps.net/index.php?action=file&id=828
if that does not work locate shaders.dll and d3d8.dll in your renegade folder and delete them.

I think you should try installing scripts version 3.4.4 if you haven't installed it yet.

Normally I'd be "GTFO TROLL", but in this case, I'll humor you.

For one, I do other things than being on the forum. Usually, it's my job to be a jackass and point out that everyone else is a jackass in a sarcastic/bland manner.

Two, yes, I do play Renegade. I may not play AOW's as much, but I do play. Think before you say something stupid.

Three, Rp2 kicks the shit out of the majority of mods out there. Not ALL mods, and it's usually a matter of opinion, but if you've ever played the EKTRPG server (Which I know you havn't), then your opinion would probably change. It mixes an FPS with an RPG, which honestly, is pretty badass.

Four, yeah, you and surth are both jackass trolls that seriously need to get the fuck out of the Renegade forums. I'd say you're both in the good ol' USS Douchebag.

Five, GTFO TROLL.

Disgrace means to sully the reputation of some one, or someone who has a reputation which is sullied. Cabal isn't seen as a disgrace by me or most people on this forum. However, I can't say the same for you, troop, considering the fact that you are not only seen as mentally retarded, but a completely disrespected douche. Lol, thats pretty sad troop. If you haven't noticed yet, a year is broken up into 365 days. Hes been playing for 345 hours. That means hes been playing roughly 1 hour a day, if he owned it for a YEAR. He's owned it for 3 years, which would mean hes playing, oh...What? 20 minutes or LESS a day?

(BTW fucktard, in case you can't read, it was 345 hours, not 365).
