Cry some more. At least I voted for a government that actually has an environmental plan, unlike the previous Liberal government which dicked around for years while our emissions skyrocketed compared to Europe, and the U.S.

Of course I voted Conservative. I have a brain.

And here you go: these links are all about the plan.

<http://www.ec.gc.ca/default.asp?lang=En&n=75038EBC-1>

The bottom of the last link has all the PDF's you need, and it's summarized for you.

Don't get me wrong, I actually do give two shits about the environment. But China builds a coal power plant every week; meanwhile, we're being told we should all live in condo's, and drive tiny little Smart cars around.

Troopm02 is an environmentalist treehugger. I agree with you there Nikki. We should care about the environment, but not to the point where we should have to give up everything that we like and live in greenhouses and drive hybrids/smart cars/electric vehicles.

maybe, but you don't see the environmentalists going over to China and telling them to clean up their air. No, its only the US. Another reason why George Bush decided not to sign the Kyoto treaty. We would have to foot the bill for the next 25 years even though China is the one putting 50% of the toxins in the air. :/ it makes no sense what so ever.

The US alone? IIRC the US was one of the only ones NOT ratifying this treaty! The EU, Canada, India, Russia (!) did ratify it.

Even if you are a troll, you could atleast make a long convincing case as to why you're right.

Just because you got completely owned verbally doesn't mean you have to be an ignorant, mistyping jackass. Atleast have the balls to either admit you're wrong, or the balls to backup your statement.

If you can't do that, don't make topics. Or even posts.

Actually, it's not obvious at all. The only thing "obvious" here is that you suck ridiculous amounts of testicles, and have to troll to enlarge your e-penis, because you lack one in real life.

So please, prove me wrong with a long-written, convincing story, and maybe I'll believe you. Otherwise, you're still a faggot.

If troop wants to blow his load to 1v1's, there's nothing wrong with that.

But there's nothing wrong with the people that make or play that RPG either. If anything, they're helping to keep a few people around on Renegade.

Plus, trooprm02 plays World of Warcraft, and wanted to host a server for it, so I dunno what he's

yammering on about in the first place. Aren't WoW and that ReneRPG kind of similar?

Actually, WoW and Rp2 is completely different. The most you can do that is similar to WoW in Rp2 is the official server. It has a leveling and exp mechanic which allows you to, of course, over time gain exp from kills and such and level up, giving you higher armor and health, and better weapons and equipment. It all depends on what job you go to (things like marines, mercenary, terrorist, ninja, etc to name a few)

It's absolutely nothing like WoW if you look at it from a technical aspect though. The main thing people seem to use is 'lol y would u want to pretend 2 be someone else' which I am actually in agreement there, it's stupid to have someone going all OK LOL LETS RP, ILL BE UR AUNT AND UR COMIN ON A TRIP 2 SEE ME OMG NO KILLING.

If someone does that, that's when I go and blow the fuck out of them with some form of large weapon.

Rp2 is mostly about killing. The server makes it about killing, leveling and money.

It all sounds like a misconception or something, I guess it is; I'm just really tired of hearing everyone going LOL RP'ING IS FOR NEEEEEEERDS. Because hey, when you're playing a video game as a character that is obviously not you, aren't you role-playing in some shape or form anyway?
