i installed 3.4.4 scripts from www.game-maps.net it jsut stuffs up if u download from roleplay2.net its 3.4.1 it works but i want 3.4.4 scripts to work

File Attachments
1) bhs.dll, downloaded 150 times

try the self extractor at http://4camp.net/scripts344.exe . I'm not sure if this would be the same as the one on game-maps.

If it still doesn't work, u'll have to be more detailed about what exactly doesn't work.

Might be a D3D8 / D3D9 .dll issue. Using the link for scripts 3.4.4 should work.
