i really think that is true because there might of been something blocking the su and the sun light could of look around the object and look like a ring
i belive in science

I don't get it... what is so scary about a rainbow?

What's next, unicorns and candy canes?

I'll admit it looks cool, but scary?

candy canes?

Those things are fucking dangerous. They can go from harmless sticks of candy, to sharp, jugular piercing, sugary spears of doom.

Scary

I've seen those before, no big deal. Kinda cool looking though but no pot of gold.
