Like always i can start renguard but when i start it. It say
[16:14] Trying to connect to server #1...Connected!
[16:14] Server is not responding. Trying next one.
[16:14] Trying to connect to server #2...Connected!
[16:14] Secure link established.
[16:14] Welcome to RenGuard, asddsa189!
[16:14] To launch Renegade, please click 'Renegade'.
[16:20] Connection to master server timed out. Reconnecting...
[16:20] Trying to connect to server #2...Connected!
[16:20] Secure link established.
[16:22] Connection to master server timed out. Reconnecting...
[16:22] Trying to connect to server #2...Connected!
[16:22] Secure link established.
[16:22] Welcome to RenGuard, asddsa189!
[16:22] To launch Renegade, please click 'Renegade'.

But the when i start the game and join a server. The server say that i dont have renguard running
and i cant use the command like !rg or !forceg.

Oh ya i forgot to tell something. When i start renguard. It start with a white screen for a long time
on top of the message box.

check firewall's
ports
and best fo all

get rid of rg...its useless
