Core patch two, so you get a NO-CD patch.

Installation instructions: here

That's because they aren't supposed to be in data folder but in renegade folder!

i did that and said couldnt find patch file! doesnt matter now. i replaced all maps with the new ones!

opened up renguard, pressed renegade still get the instert cd problem!

You need patcher.exe, a new dll and patchall.zip in your renegade folder, then run patcher.exe.
