It's on a public forum in a public section, of course it does. If you didn't want people like me making you act even more of a retard than you already are then take it to PM.

He also seems to be getting pissed off at what people put over a forum. Oh, about your e-penis...waving it around making up for the lack of a real penis?

What Server are you mod of btw, i'll make a mental note to avoid it.

Half of you here don't even know anything of what this is all really really about...

I assure you it is not just about the skin. Honestly I don't care who thinks what of it.

I am gonna just let this thread go, because it is beyond explaining.

Also I yes, I did get a lil mad, but people were aiming for that so can you blame me completely?

So I guess I will say sorry to everyone except AnThRaX.
