hey

i need help

I downloaded something that made this happen, cant remeber what it was. Can someone help me? The gun is not in the right location/place

And

I need the name of the shotgunner. I want to delete a shotgunner skin.

Thanks.

Right: Please use .jpgs, they're smaller.

Is that a resized screenshot, or do you use a widescreen?

The shotgunner skin will be something like

\*\_gdi\_shotgunner\*.dds (where \* stands for anything)

Look through C:\westwood\Renegade\data for something like it.
