Here's Iced Up GDI Vehicles! All GDI are done but I could only screencap a few. (Click my sig and go to my screenshots section to see the rest.)

Btw I told MGamer my process and he improved it a little. Hopefully he'll post his NOD icepack soon.

I noticed you missed the Stealth Tank.

EDIT: Opps, Forgot I already posted, could a moderator please merge this with the other post?
thanks

very nice pack, you should host it on other sites, it would be a good hit.

EDIT: like the name of this:

Buildings have a ton of different skins making them up, I might try Obby soon... but I am largely
inexperienced in dealing with building skins.
