Decided to pimp up the map a little bit, so I gave the lanterns some actual light and the roadsign looks hotter then ever!
(contains some nude chicks   )

You need to replace the city walls with this texture.

lol maybe i should

There is 1 bug with the city maps I need some help with.
Everything works fine, but in both maps there is a problem with the doors.

In LAN Mode they work normal, and just open. Only in Multiplayer Internet the doors stay closes, which is pretty annoying.

I can't seem to find the fix for this, I hope anyone knows a possible solution?
