Guys...

Need help........

maybe it's a stupid question but...

I can't minimize(alt+tab) my renegade(when in game ofc)...

I really don't know what to do... Tried lots of things......

Any ideas?

woops wrong section----sorry

well i didn't describe my problem well.../lol/

if i minimize it.... it will just close down....

Yeah, tried ctrl alt del? This sometimes happens to me, the small rectangle in the bottom toolbar goes away, but you can ctrl alt del and I'll see renegade still running, so I just switch to it.

1)I have 3.4.4

2)when i minimize.. ren disappears from the ctrl+alt+del.....

so I don't know what's wrong ;/

and thx for your help btw

OK, then try going back to scripts 2.9.2 (I don't immediately have a link to that). IIRC this problem was introduced somewhere around version 3.0 but was solved in 3.4 for sure...

it's fixed now.....

it was something in my BhS.dll(somethin like tht) options

thx anyways <3
