I got this old laptop, it has windows xp so I want to delete everything, data, os, everything and install a fresh copy of win xp (dont ask) how could I do this?

this cd dont give me no option to delete everything before installing so idk...

If it's a Windows XP Disk it should 'make' you format before it starts, if not something could be wrong with the disk.

I don't fancy giving everyone access to do that...

Locked.
