Stealing an orca indeed isn't that uncommon - quite a few players don't really watch out for SBHs that well. Stealing apaches is much harder.

Just like nuking the strip in C&C field in a 50 player game when you have a spy crate. Lol it took me like 1 hr and 5 mins just to sneak in their base....then we won like 5 mins later.

EDIT: I am thinking.....5 stars.
