i was just wondering how players get a siren to sound off when they enter a game. Is it something that has to be downloaded

I think he's talking about the BR ranks plugin, it plays a warning siren when a player in the top 3 (or 5?) joins the server.

If that's the case, just disable your sound in-game ...

I happen to like that

And, a000clown: that is configurable hehe

masterb8s wrote on Sun, 19 April 2009 19:19thanks i appreciate the hel it might be top ranked but i have seen lower ranked players sound off and it is annoying. Top s player should have seniority IF U KNOW WHAT I MEAN

The siren sounds off for the 3 people who are in top 3 for this month and for the 3 people who are top 3 overall.
