Anything but Country.

Or screamo, or any kind of death metal.

Or anything with the words death, evil, thrash, headbang, etc in it. Fuck.

I believe all music has it's time and place, although I tend to lean toward rock, both classic and more contemporary pieces.

Lately, it's been mostly Power Metal and more symphonic works (Older Nightwish, Kamelot, Epica, etcetc)

I'm one of those people who like a wide variety of music, provided it sounds good. I have a
songlist including rock, country, easy listening, some rap, alternative rock, electronica, etc.

In general though, I don't like any screamo or anything like that, and I don't like most rap.
