Put that much detail into all the vehs and you'll trump mine.

yeah looks nice but there exist already tron vehs from altzan i think

make something else
tron is cool but its boring casue there exist to much
try a new style like funny points or make new rims like mine vehicles^^

I'm gonna try a new idea soon involving gradients, by the way.

And if you'll put as much effort into the others as you did the humvee, go for it!

As for the tank, it's OK but not as good as the hummer.
