To be honest, the Nod APC doesn't look that good in my opinion, as it is too unco-ordinated, and the symbols are too blurred, but the GDI apc looks good.

The GDI apc?

Filter - render - clouds.
ctrl + c, ctrl + v   ?

Or am I missing some hard work you put in it?

Tbh the Nod apc is ugly. Some streched parts. And the texture just doesnt fits on all the edges.

I like the GDI apc, I don't care it was an easy job yes or no it looks nice.

Be creative with sniperrifles Dreg
