Hello.

Is here anyone who has the textures of the AGT?

(Textures: gd_top2.dds & gdi_cmnt.dds)

Ps: If anyone have it.. publish it please.

Pic -->

That's the AGT of Scrin.

Thanks.

The gdi_cmnt.dds is from my nitromod. Just download it and extract it.

Thing is both textures are easy to make. Sometimes it makes me wonder why some people dont
try to make it theirselves? This is one reason why I can accept why Scrin wont release his stuff.

Its the same with anything else. You will love the stuff you cant have and when you have it ... then
its old.
