I'm 99% sure it isnt possible but i thought i'd better ask.

So... is it possible to change the colour of the fonts? For example in the menu?

I actually meant the menu font. I know that you can change the teamchats and the playernames.

Yes you can change the Menu font via the hud.ini

add this part to the hud.ini

```
TextColorAlpha=255  
TextColorRed=0  
TextColorGreen=148  
TextColorBlue=255
```

add the font to your renegade foldier and type the true name into stylemgr. It's called Font_Ingame. I think St0rm has a tutorial... somewhere

THX!!! but how do i remove that red thing around the text
