This is totally frickin awesome. How is it up there, sitting on a throne right next to Jesus and Mr. T in awesome guy heaven?

Also, the fact that the word Tron is in this thread makes me angry. No. Fucking. No.

It's there because the skin does look like it. But I didn't say it looked bad because of it. Only 50% looks like it anyway, he did a lot more than just darken and add lines, so it looks awesome.
