Do you have a screenshot of it?

Mayby its fast to remake atm I dont have a clue what you exactly want.

i know how to make it, but i can't explain it with words i needs ss's to show it...

and thats not possible till i get new cp becasue this one restarts everytime i open a software besides firefox =/

Anyway Diehard showed me how, id ask him

Just find some cool weapons and mix them up like you did before.

as for the red laser beam, here is a gmax scene for it simply merge it in your scene
