The Westwood Virtual Museum Mod is now running online on Exodus Server 3.

You need to have the cameras.ini within your Renegade/Data-Folder to see the server.

Where else?

It's a released mod, but until yesterday it was in lack of a server.

So, from now it's a released mod, which can be played online.

But, yeah. could be just in "Mod" too

btw, I'm trying to make appointments for playing it here:
