i'd like that if she wasn't Nod colored

that's a step in the right direction; she looks way more badass with camo

if she was blue or green or some non-stereotypical bad guy color i'd use this skin

Good point, ill try the GDI color scheme.

EDIT:It doesnt look very good with that texture on a yellow or green

Color the jacket in a similar scheme. That's an AWFUL color. Pants are nice, though.
