I have xbox, was wanting to get it. But, lately I've found that schoolwork takes up way too much time, and I know if I go out and buy this, I'll just say fuck school lol.

I plan on getting it on Thanksgiving break, couple weeks. I'll hit you up then.

From what I understand, PS3, XBox, and PC all play on-line together, unless thats just co-op.

They don't. There are only a few games that do cross platform, and it is messy.

BF3 has no cross-platform play.
