Some reason my keyboard stopped working ingame. I use TTpatch and Renlist 1.0.5. I updated
TT patch. Before I updated TT patch my renegade worked fine, now my keyboard won't work
ingame!

Please Help!
Thanks!

never mind. fixed!! Went to game.exe then options then controls, then noticed all the keys were
blank, hit default, exited game, joined game with relist, keyboard works! sorry for wasting ya time
reading this!

the same worked for me

thanks for explaining what you did to make it work
