When I say best Ren players, I mean someone who knows the game, understands what's going on, knows what to do everytime and does that to always come out on top.

Doesn't matter public or CW, they should be good in any AOW games. This is what counts; they should have good skillsets overall in all categories. They should be so good that just having them in your team should give you a reassuring feeling.

Who's the best? List em now! You can list anyone you have noticed playing who seems to be exceptional.

God, really? Everyone just troll posting Guess I'll be the first serious post -.-

Since I'm not much of an aower, except pubs, and even then I'm probably sniping. I'll base my shit off of the top snipers (now) and then add in some aow how I see it, as of now (in pubs).

Snipers: (I take it we aren't including ourselves either..)

These aren't in any particular order, either. Just names that I find myself having fun sniping with, that actually pose a challenge:

Hitman

loncloud

... and that's it basically lol. Couple others that I find are pretty decent are ACK and Iran. They stay pretty consistent.

I can't even begin to name players in AOW (pubs). Most people that play now just pointwhore :/

But to give an explanation, YesNoMayb pioneered numerous renetactics since 2009, as strategy is really important in Renegade (more so than skill) and Renegade has seen lots of changes in tactics since 2002, he definitely should be considered the #1 Renegade player.

We can all agree on this.

Hahaha for real? There is no way its the same guy then. He has been fucking around for too long in n00bstories and jelly-server to be good.

Lazy5686 wrote on Mon, 27 February 2012 13:48Or maybe he is wasted all the time.

Unless he is wasted all the time. I have not seen any skill other than his illegal wall hugging in sniper server i saw last night. This guy hides like a coward and then gets his ass kicked

Yeah, you never heard of rambo6 sniping before? o.O

On AOW server he just plays around a bit and tries to piss people off by saying "wasted", "gotya" or "haha" after killing someone. Some times he just stays inside his base (or the door of a building) and camps around a bit.

I want to punch him in the face everytime his says "wasted."  
Everytime i join he says "Kill crush" like were friends or something.

But if he is secretly good then i'll just have to wait and see. But i admit some of his sniper shots were pretty good when i rushed him so he couldnt hide

yay I got on the list despite having fail aim XD.

pro-tip: DIE for your team. the winning team isn't the one with higher kd. I daresay by now i've perfected the art of dying and dragging all the enemies down with me XD.

sadly, I pretty much never see other players do this.. its just me alone. I even got aircraftkiller telling me that I'm the only one who "ruins" games (for the enemy team) like this lol.

As for my own list.. I got lists of people who are incredibly good at sniping (so much that they are probably cheating and somehow getting away with it ), but not really anyone I recognize as particularly good at the strategy part... although that's probably because they aim so good that they can just buy nubjet over and over and that's automatically the best strategy since nubjet conquers almost all. I suppose I feel reassured if these guys are on my team (cause then the other team won't have snipers alive lol).. but I doubt its for the same reason as this thread is intending.

Do you even know them? Having run a popular server since 2004, and played clanwars since 2003 I've played with / against most people past and present. That list is pretty much spot on, the order is open to debate but little else.

Before or after he was using DH?

You mean that 1 DH biatch occurrence over 6 years of playing on a heavily modded server that contained obelisk guns, agt guns etc that kill vehicles in one hit.

Yes a player that had mod'd for years, having a massive knowledge of the game and cheats (mainly due to mod'in) used damage hack on a public server.

Obelisk gun + lag = possibly a false positive? Pistol was probably selected at the time as I had just spawned and was loading it, hence the lack of weapons on a server with weapon drops everywhere.

There was only one occurrence of the line and the admin was just looking for an excuse to ban someone who got a better KD than him. An immature kid.

Not that it matters just never really thought about it seriously until now.

I still play now TT is out and I still accomplish amazing feats.  
Played Simpee in some 1v1's in December and won 5-3.

and I am one of the best shaitan, live with it...

Quote: He joined BI and donated himself

yea I did that when I was like 16, still find it funny banter,

as captain hindsight would say 'maybe that wasn't the best idea I would ever have'...  
But hey you guys banned me for a pink med tank skin a few months later, those pesky med tanks are so hard to see must use an advantage skin

Maybe you missed the part where an obelisk gun doesn't do one hundred thousand damage points. That server's obelisk gun did 300 or 400, I forget which.  
Your stories didn't match up back then, you never had that gun. That server shows when anyone picks up an obelisk gun.

Those logs I gave to Stealtheye at the time to make sure there were no errors.

Imao, how would lag make the damage of a weapon go up or down? lag only affects the time it takes for something to be sent to the server. it doesn't just make magical shit happen

i saw some fraps people had gathered and it made me say HmMMM.

does that mean he's not a good player, even if it's true? nope; he's still a good player regardless he can play at a high level even with 4.0

lots of people jumped on the TiDeTh sucks because he cheats bandwagon, and to be fair he was

tildeth is a major oddity in renegade

there was a point in renetime where he was among the best, ss called him the best tank user he'd ever played, he claimed he beat simpee too (but i think that turned out to be bullshit or something, can't really remember)

---

he did beat me 1v1, but only just and only cos i lagged out of his agt with my tech; it's not like he had the tank edge. and that was way before he started cheating, i think he went downhill from there cos after that he started majorly sucking in tanks. i think he'd gotten too used to using velocity/ROF/rgh/whatever and forgot how to shoot without such assistance

Get ur Brain together u Noob.

1. U forced me to use 4.0 cuz u \*think\* i cheat. Pretty decent move for a Moderator.

2. I joined IRC to know what the fuck is wrong with ur Brain,u banned me without even answering my PM.

3. I rejoined IRC cuz i was asked to have a talk with 1 of ur Admins due to the shit u caused,so nice lie there.

4. Doesnt matters anyways,cuz ur Server Owner and Boss unbanned me,prolly due to the fact he already took the time to correct the shit u are doing.

So my advice for u in Future, take a look into other Servers Moderator advice before u try to act like a pro and make urself look like a Fool.

Have a nice Day, Punk.

i always remember people speaking highly of his tanking  
just because you beat him in 2v2s and whatnot doesn't mean he was a bad tanker HTMN  
he's kind of an egotistical douche so good players wouldn't want to play with him  
you probably beat him and some crappy 2nd player that would put up with him

he didn't suck at tanking, by any means

edit: tildeth was shit with vehicles lol, he didn't notice that atomix had reduced arty splash even though he at that point had being playing for quite a while at that server and he was terrible with meds

Get ur Brain together u Noob.

1. U forced me to use 4.0 cuz u \*think\* i cheat. Pretty decent move for a Moderator.

2. I joined IRC to know what the fuck is wrong with ur Brain,u banned me without even answering my PM.

3. I rejoined IRC cuz i was asked to have a talk with 1 of ur Admins due to the shit u caused,so nice lie there.

4. Doesnt matters anyways,cuz ur Server Owner and Boss unbanned me,prolly due to the fact he already took the time to correct the shit u are doing.

So my advice for u in Future, take a look into other Servers Moderator advice before u try to act like a pro and make urself look like a Fool.

Have a nice Day, Punk.

He only unbanned you because he thought you were so pathetic and felt pity for, he's looking forward to see you play while running 4.0.

You evaded my forceTT and then evaded the IRC ban I placed on you, when I presented the evidence not a single person disagreed (most thought it was hilarious), I even asked mods at other communities.

Learn from ur Mistakes, Noob. Oh,and im pretty sure u asked \*other\* Mods of diff. Communities,cuz sooo many other Mods respect u and the work u do for Renegade....

placed on a Nick can be evaded by changing Serial or IP. Have u ever been a Moderator before or are u just compeltly new to this whole Stories that has taken Place in Ban Sections? Man,u are ser. a Noob..

you guys know there's more to renegade than good tank work right lol? tildeth played alot with frozen and some other people, i wouldnt say tildeth was better than frozen at anything other than tanking, which really doesnt matter that much anyways, for example: look at kill, pretty sure all the good players can agree he was ATLEAST in the top 3 ever, and he wasnt amazingly good in any tank, nor did he ever win a 1v1 tournament as far as i can recall

What's going on really with you? I will not only geforced iwelchen reason, then banned, then my Topic to lock it, I get no response ...

Either one of these locked has no idea or no eggs in the pants to admit the error was made n ...

In both cases, extremely sad, and one more reason to hand over to people who are not Bob's total.

Very strong performance. Sorry, but this community is the last Noobhaufen. No responses of the admins, bans are simply times set Sun

This Atomix imitation should schleunigstens learn how to run a server. Otherwise, the final waste.

Peace out.

And PS you can force your Shice 4.0 you smear it in your hair because it does nothing anyway, and with mods such as Iran, I hope you fall on your face soon enough, other Coms laugh about it already dead.

I'd bet I am the best in an Air vehicle,; as of today I single handedly without our hand of Nod took out 2 Orca's + 2 PIC and 2 havoc on Flaying fuck without repair ..... yes that level... THAT, as well as shooting down 3 Orca's with a light tank... come on now...

And if I snipe, I won't be flickering around like some dancing queen... I'll be hidden... and when I actually shoot... real sniper action in game... All I can say is... Play battle field 3 with me some time... When the balance patch for that game is out... all aircraft have to fight off objective... add me battlelog, same nickname...

As for Renegade, best planner, distraction and sniper if you need one... only need to rely on the rest of my team for co-ordination... Back on topic, I am great... most would agree...

I sum it up for U, if i would install 4.0 then :

1. I cant use my HUD, and i wont play Ren without it,my Decision deal with it or not.
2. I cant use my Skins, same Reason as above.
3. I dislike the Fact im giving random People access to files on my Pc,those are my private Stuff,and even if its only the Data Folder, im not letting some pseudo Origin Software getting access to MY files.

And im tired of explaining that over and over again,so plx either deal with it or dont ask again :/

Not to mention,4.0 doesnt offer me anything i dont already have,besides MapDownloader(i have all Maps), Map Preloader (woohoo,longer joining Time,great...), AC Protection which RR already offered 2 Years ago.

from what i've heard and what i've seen, in DJ's case it's probably more because he can't use a certain cheat that he otherwise can without 4.0

that explains his hostility towards an innocent program that seeks to protect players

at 13:42 you start running down the tunnel and kill a shotgunner holding a shotgun behind a wall

with superbodies hitbox, that's the only time your reticle comes near a shotgunner in that field match in the comm war, just for extra reference this is my recreation the setup with superbodies, note that my resolution is lower and you probably use a version of superbodies with a smaller hitbox:

Why you getting so.... emotional? To prove him wrong, why not just use 4.0 and go into a no hugging sniper server for a few games and let's see how you play? You do well, then we get off your back. You don't do well, then hey you cheated and we can get past this.

1. U cant put out BB while u are playing.

2. If i would have used BB my Reticle would have been red when hes behind the Wall. I know u are just obsessed with me and try to look like a msart Moderator, but face it Fcker, u are a joke and u have no clue how to work like a Moderator. I dont need any Cheats, im good enough without them..

P.S. Dont forget to look for SFPS and my Ping while u try to act smart, ser. u are the biggest Idiot

running around, u earned that Rank from MDK, congratz!

Oh,i forgot to add : if u use BB u cant make a HS, and if u havnt noticed i most likely only do HS  
...If u have anymore Questions in Future in how to detect Cheats u are always free to ask me,i will spit in ur face then

Why you getting so.... emotional? To prove him wrong, why not just use 4.0 and go into a no hugging sniper server for a few games and let's see how you play? You do well, then we get off your back. You don't do well, then hey you cheated and we can get past this.

he needs his advantage skins to be able to play.

BB is considered a cheat, super advantage building health always being rendered on your screen.

play with stock ren (no skins) then you can talk.

Hitman wrote on Sat, 17 March 2012 04:04you guys know there's more to renegade than good tank work right lol? tildeth played alot with frozen and some other people, i wouldnt say tildeth was better than frozen at anything other than tanking, which really doesnt matter that much anyways, for example: look at kill, pretty sure all the good players can agree he was ATLEAST in the top 3 ever, and he wasnt amazingly good in any tank, nor did he ever win a 1v1 tournament as far as i can recall

I'd agree for all but field... knowing what to do and when matters a lot. Also as bad as it sounds if you really care about winning you will more, if you'd rather jump flamers off a bridge then your gonna piss your teammate off.

MDK is still no comparison to masterb8s who is the single greatest Renegade player ever. He managed to catch two cheaters in one Fraps video and gets all the ladies.

Quote: Good job on catching waywicked while he's spectating. He shall be banned. Also, good job giving yourself away at 0:47, masterb8s.

A cheater frapsing a cheater, gg.

Just a quick warning on some foul language that we thought was too hilarious to censor.

Some notable quotes include:

"Only reason I THREW IT ON IS TO FIND THE GUY HEY WAS ALL OVR THE MAP. I LIKE THE fact that was caught though. ANTHRAX IS A CHEAT LEARN HOW A TANK WORKS. If I WERE GAY I WOULD CONSIDER YOU GIVING ME HEAD!!!!!!!!!!!"

"This game really isnt that hard. Iplayed it long enough without a brreak in betweenand there arent that many map if you want some lessons jus email me"

"Azazel is banned from a few servers dont make me post IDIOT just another nooby mod"

"Majid I get more botty from the opposite sex in a week then you've ever gotten in you entire juvenile life. Dont make me take an hour drive and slap you up side the head with all 9"
