I'm selling my factory sealed Havoc, Stealth Tank, and Orca figures made by Joyride Studios and week's of googling has yet to provide me with even a ballpark of what to ask for them. I have someone interested, but I don't want to price them until I have some clue so I'm not over/under pricing them.

Anyone have any suggestions as far as how much to ask for them?

i paid like \$40 or \$45 for a sealed mammy package
it came with little soldier guys too
just remember that they weren't made for very long and they didn't make very many; it's literally a collector's item

since there are two orcas in a package i'd say between \$40 or \$50 for that (if it's still factory-sealed), stealth tank like \$40 or \$45, Havoc action figure? no idea, who wants a Havoc barbie doll

Don't fall for it! It's crazy talk I tell ya! I went into jelly server today and I found out they charge 900
for both the stank and orca, and a havoc is 1000. None of them were factory sealed!
