## Subject: [SSGM 4.0 Plugin] Snipers Points Credits Mod Posted by iRANian on Tue, 17 Jul 2012 09:29:09 GMT

View Forum Message <> Reply to Message

This plugin will set the points and credits a sniper gives from hitting a vehicle to 1 credit and 1 point if they do less than 30 damage to the vehicle.

To install place SniperPointsCreditsMod.dll inside your root FDS folder and add an entry for it under [Plugins] in ssgm.ini.

You can contact me on renegadeforums.com under the nick 'iRANian'.
