I made somewhat of an effort with google and gave up

I'm looking for source files for maps like C&C_Snow and... the common new maps so that I can do some serverside editing with them

Anyone know where I can get some of these?

Thanks alot!

Wow thank you very much zunnie =) made by you, at my service havent tried it yet so far just read through the description though but thanks !

and thanks for the snow level i'll probably do that one first =)
