like ack said if this game was a person it would barely register a heartbeat and instead of working together to save the game we love all you guys do is bitch at each other and make fun of each other and call each other out and hold grudges and talk shit. like jesus christ why not be nice to each other and work together to keep renegade fun? why do you think the game is mostly dead? it's because people see shit like that and don't want a piece of the drama. i've said it many times it's the fucking internet. why hold grudges? only reason you should ever hold a grudge on the internet is if you can't make friends irl srs. if renegade is your only social outlet what are you going to do when it's gone? i've told ethenal, xpert, liquid, kesler whatever that i would work with them but they can't give up a simple grudge. let it go and save this beautiful game we call home guys!! we can do it!!

zunnie and liquid and iran and aircraftkiller please make out and fix this renegade friendship.

zunnie is a nice guy, and he's extremely helpful to others in general  
i don't have anything against him personally  
i just think it would be in the best interests of his community if he heeded the advice presented to him here, to which he's responding in what he perceives to be a trolling manner

how was your expensive vacation? ss or it didn't happen

The topic title gave me the vibe of a "Why isn't there world peace?" question lol xD  
Staying with that analogy, I'd love to see it happen but I'm not sure it ever will.

I think we all get along just fine.

I have no problems with jelly; played on their servers quite a bit over the years.

Starbuzz, Orca234, Goulagd, and I (under the nick zultar) were the last players on their mappack server before it was shut down in 2008 \*sad face\*.

I also played their mara server for many years. I still remember anthax's stupid little rage post when he got fired as a mod lol.

I like most of the people over on MPF, and I consider zunnie a good friend.

And there are good people here as well.

But some people just go on forums to troll and be stupid, and those people, I will never get along with.

roszek = Zultar?!

Hey man! How wonderful!

I believe we both started playing Renegade the same year 2007. Glad you are around! Looks like we are part of the 2007 inductees who have been addicted to the game's formula to still be here in 2014.

Very nice, this just made my Sunday. Now if Germany can only win the World Cup, it would be extra great!

Give me a howl when you see me in-game in few weeks.

sure it was, but you can't doubly distract from the fact that you ignore roszek's post by saying "LOL HES LOKI ANIMOSITY" (post #1 dodged) and then when I said what I just said, you say "LOL GREAT INSULT" (post #2 dodged)

why do you still post on these forums? I do actually have some sort of a stake in this game and its community as you well know (Jelly admin), but I have no clue why you come on here and do stupid shit like changing your nick to "IvyLeague" and telling people they're inferior because they

didn't pay a lot of money to an institution to go sit in some buildings read some books, and write some worksheets for a few years just so they could go tell other people how much better they are than them because they successfully fulfilled the exact path our society set out for them!  
Congratulations, you're now a sharecropper on the Rothschild plantation!

and that's despite the fact we know you're lying about some/all aspect of your medical schooling, thanks to a little birdie - yet you keep carrying it on just to protect your Internet-ego

please stop posting

a little birdy ... must be a pretty great source if they have no idea what they're talking about. u mad poverty?

the fact you keep it anonymous means its complete bullshit anyways. nice life faggot. i mean that in the most sincere way possible as we all know you have no social life outside of the internet. exactly why you take it so god damned seriously and forced most of the respectable members out of jelly. they just can't take something that's supposed to be for fun as serious as you do. you run it like a fucking dictator lmao my way or the highway. at least you have some sense of responsibility and power in life huh?!

the only reason i come on here and troll this forum is because it's hilarious making you so mad so easily and then getting all the kids that are just as desperate and weird as you to pick on me. it's a form of fun for me to do in the mornings before i leave for work. entertainment. trust me the

internet isn't that fucking serious, the sooner you realize that the better.

also i don't know why you keep calling me a sociopath, maybe you should put that middle school education to use and figure out what that diagnosis means before you keep labeling people. you're the only one that shows any sociopathic tendencies around these parts champ. ie: when i posted logs of all the terrible things you said to people over the years and you lied and said they were faked to cover that e-reputation. (other than Iran but he gets off the hook because he's so fucking dumb he's harmless anyways; also if i'm banned from jelly and he's not that just proves how stupid you are)

why are people on welfare allowed to have internet connections? does time warner cable accept food stamps as payment now?

the fact you can keep me banned for the things i say when you sit on here and say shit 100x worse all the time is quite fucking hilarious. real great job representing jelly community brah! the hypocrisy is real. dat e-grudge runs your entire life and i love it.

I normally don't post and just lurk but hey lets try something new...

You are clearly asshurt and the only one on this entire forum with a vested interest in proving they're some rich holier-than-thou snob is you. With every petty remark and insult you only betray your lies and pretty much justify everyone calling you a self delusional psychopath hell bent on making people on the internet give a shit about what you say or something that happened to you in renegade 10+ years ago. That being said... please do continue because it's amusing as fuck and these forums have been quiet for far too long.
