i challenge to modders im wondering
iff there is already a mod with units such as battle fortress, and other units in the yr red alert 2
expansion
i really like the yr game
and wondering if they convert it like on rrenegade

Cpo64load the game...

Woah there... Don't you think you're getting a little to far ahead there?

First you have to turn the computer on...

Than you insert the CD (first open the cd-rom tray).

Than you can load the game...

Sir PhoenixxCpo64load the game...

Woah there... Don't you think you're getting a little to far ahead there?

First you have to turn the computer on...

Than you insert the CD (first open the cd-rom tray).

Than you can load the game...

Sorry you are right, I forgot that part, thats why my computer never works in the morning...
