Cos EA scheduled this in the afternoon of Europe... (The time where most europeans play on wednesday)

Damn egoist Americans(!) Why do they only think about themselves and not about us?

It was scheduled (see westwood.com) for 4 hours..... just 20 more min....

Probably because there are more American players. Would you rather they do it on a weekend?

OK I am european english in fact....

You give us a bad name

The Americans do not only think of themselves...

Scenario - If Americans Did Only Think Of Themselves:

1) No European Servers

2) No Pal Support

3) No European Releases

No we get all that dammm it if they only thought of themselves we wouldn't even have Renegade or loads of other l33t games...

Think what your saying b4 u post.

First of all. Don't rip-off my siggy. Second, you are changing this topic to a political one. Take it to "America at War/Politics" Forum
