They are all over the place. Check both of the sticky threads at the top. They contain many tutorials.

Also, get RenHelp at Dante's mod exchange: <http://modx.renevo.com/index.php?s=>

-We're glad to have you, new modders are always welcome.

Go to the WW site. Navigate to the Renegade page, then find the mod tutorials. There is on there on how to make your first map.

It's under purchase settings at the bottom of the preset tree under the Global settings folder.
