I don't care that you advertise a competing board on here because I know no one is dumb enough to join that piece of crap. However, if you make several topics about it, I WILL delete it.

Dude, what point is there making shitty forums when you have this one to go to?

You're only doing it because you wanna be a moderator. Not that there'll be much to moderate, LOL.

Hmmm, let's see... You've directly copied these forums, except for the American War/Politics forum and the colors. You're also spamming these forums begging people to join your little forums.

Why would anyone want to join it? (Besides the fact that you'll stop begging them to join). You're begging people to join them from the forum that you copied, why would they join and use forums when they're already on forums in which there are at least 150 times more people?

You havn't got the news out yet? You don't consider spamming these forums with like 3 threads begging people to join your forums, "getting the news out"?

ArUsH4nllhehe

Look champ, you don't need to reply to every little gut feeling you have. You're wasting bandwidth when you make one post to say "ok" or "hehe". You've done it many times, now stop. We don't need to you that you acknowledged something. If you really want to get it out, tell your mommy or daddy; I'm sure they'd LOVE to hear about your friends in an online forum. :rolleyes:
