where were you ack? you could have had alot of publicity talking up your maps on a server that large... you missed a good chance to further better your good name

although... it might have truly been 6 vs 1 ..... everyone had 6 vs 1 or more...

dont know if you could handle that

I don't bully, I just speak my mind, much like you're doing now - although you're not getting flak for it. Why? Because it's popular here for people who speak their minds to get insulted and degraded, and it only serves your purposes... Though I've heard it before and it's all old hat.

I bring it up as a counter-attack because it's perfectly valid... Telling me to get a life, after you actively participated in an anti-Renegade\Westwood Studios association, is hypocritical, mister pot. I figured you'd see that, but apparently not... We're all black compared to you, now aren't we?

Aircraftkillerafter you actively participated in an anti-Renegade\Westwood Studios association

I was never Anti-Renegade / Westwood. I've always been respected in the C&C some more then others. I never condealing in attack Westwood personally unlike some people from WSE. I never spreaded shit around about them (ok maybe some..). I've been in the C&C community longer then 1/2 the people in this forum. Weather or not i was in WSE. Why do you think i left WSE? To save my respect in the community. Yet you look at yourself, Aircraftkiller, who likes you? A majority, not many, you go around talking shit to everyone and whats it all come down too? Hating the famous Aircraftkiller. Think about it.

You think I give a fuck about what a bunch of kids think of me online? What do they have to offer? Their love and affection? C'mon now, I have better things to do with my time than kiss ass to a bunch of losers.
