But after playing Planetside, i realize that this game is only a shadow of what the online FPS game could be. In fact, I'd have to say that Renegade sucks. The servers suck, and all the jerky, cheating players suck, too. I see why it only costs five bucks now.

Then why did you bother to post your 2nd post here? If you don't like the game, screw off and stop wasting the bandwidth of someone who can appreciate it.

But Planetside sucked, talk about confusing. I couldn't even find the enemy base after about an hour.

lifen803I see why it only costs five bucks now.

A lack of common sense and a great abundance of ignorance would lead one to believe that. Renegade has been out for almost a year and a half, games tend to go down in price after a while. Renegade is \$20 by itself, bundled in EA's game pack it's \$5. Just wait a year or two and that lame game you call "Planetside" will be selling for a similar price.

And plus... you have to pay \$15 or \$12 to just pay the game. And Renegade is free online... \$15 or free... with great maps. I don't know... but I like Renegade better...

I hate renegade now. When I first bought it, it was fun, but then they dropped the price and a buch of loud mouth losers signed up to play. So instead of teamwork and fun games, there was whining. And if someone tried to get a plan together to actually win, there was nothing but "stfu" or "that's what i thought someone with X rank would say. And this message board confirmed it. rather than argue the merits of one game over the other, you'd rather toss around idiot slang like "owned." Owned! Owned! that's a cool word.

Oh and forums, in general, suck too.

Are you daft or something?

You come in here and tell to all of us that our servers all suck. And you expect a hardy welcome and debate? Looks like you need a few lessons in delivery, because you're flying so far off the wall you're never going to be getting back on.

Oh and forums, in general, suck too.

From what I can tell from this paragraph, you are not very good at Renegade. Otherwise, you wouldnt complain oabout "ownage" :rolleyes:

So for you to compensate for your sucky playing, you decide to say we are stupid and the forums suck and leave entirely to PlanetSide, where, after your first monthly bills on it, you will decide its not worth paying that much to play such a lame game. Also, if you were any good, from your experience with servers, you would join one where other good players go and n00bs, though many in general, would be more scarce. But really, what makes you think the Planetide forums will be any better? Im sure people there will be saying "i owned u!" and "stfu"...

Please, move on to planetside and stop wasting our time.

Ugh Ive been to the planetside forums. The technical support forum is by far the largest one there. 60 pages in about the month the game has been out all of them people bitching and moaning about stuff in the game saying they wont play it anymore unless its fixed.

And the general discussion forum is nothing but "X sucks Y rules" posts.

The people who play that game, Though probably not all of them, have some serious issues

LOL I totally agree. Just leave and don't come back again. You say you hate Renegade, it's your opinion, keep it in your junk bin. :rolleyes: It's not about the price, \$20 or \$5, it's about the game.

I'm surprised that you find out Renegade isn't a good game. I can tell you it's a lot of teamworks, but believe me, you won't see it very often, but when you see it, you'll be impressed on how great Renegade is. It taught us a lot. Oh, and that d@#% "Planetside" I don't know which game you're talking about, but if you're using it to bully Renegade, stop wasting the bandwidth and shut up, or face the wrath of General Newcmd001 and die as the weakest soldier!

Oh, what did I say!? :oops: LOL
